

Introduction

The Tibetan Master DK has said there is an ideal nationalism which exists so that all in the world may benefit, and which is a living, vital, spiritual organismⁱ. The following meditation is offered in response to this idea.

Its objective is to draw forth the radiant presence of the soul of Australia, and to draw the personality of the nation, expressed through its people and its leadership, into alignment with this soul.

We believe that those who see merit in this meditation, and who may be willing to work with it over a period of time, may perceive and envision this as an expression of service to the nation and the Spiritual Hierarchy.

Some within the Victoria Goodwill group have begun practising the meditation on Tuesdays. However, the particular day of the week and time of day are unimportant.

Meditation on Drawing Forth the Soul of the Nation

Group Fusion

We draw together the soul energies of this group and link with all those within the nation who are conscious on the soul plane. We visualise a field of magnetic energy encompassing this greater group of servers.

Alignment

We reach upward to the Soul of the Nation. We see this as a source of radiant light, as the personality of the nation moves into alignment with the soul. We see the soul of the nation as a part of the soul of all nations.

Higher Interlude

We lift the group consciousness through the soul vehicle of the nation to the great centres of energy beyond: to the Hierarchy, the Christ, Shamballa, and the three avatars – the Avatar of Synthesis, the Spirit of Peace, the Buddha of Light transmitting energies through the Christ and Hierarchy.

Meditation

May the people draw closer to the Soul of the Nation, and may the soul transmit and radiate the energies of Will, Love and Light through the nation's etheric centres. We see the emergence of the radiant, soul-infused personality of this nation.

Precipitation

We visualise the energies of light and love and power flowing from Shamballa and the three Avatars, through the Christ and Hierarchy, through the soul of this nation and the soul of all nations, expressed in its leadership and anchored in its legislature.

Lower Interlude

We reflect on the need of the nation to call forth leaders embodying the qualities of wisdom, compassion, vision, and the courage to lead with purpose and resolve for the good for the whole.

Distribution

The Great Invocation

From the point of Light within the Mind of God
Let light stream forth into the minds of men.
Let Light descend on Earth.

From the point of Love within the Heart of God
Let love stream forth into the hearts of men.
May Christ return to Earth

From the centre where the Will of God is known
Let purpose guide the little wills of men—
The purpose which the Masters know and serve.

From the centre which we call the race of men
Let the Plan of Love and Light work out.
And may it seal the door where evil dwells.

Let Light and Love and Power restore the Plan on Earth
